CALLED TO THEIR COLORS

American Greeks and Bulgarians Going
by Hundreds to Aid Their
Brethren in Europe

New York, N. Y., Oct. 4.—The steamer Macedonia, scheduled to sail at noon for the Pireaus with 2,000 passengers, was commandeered yesterday by the Greek consul-general.

All the passengers were sent ashore and the vessel prepared to take on a cargo of ammunition. The reservists of Greece and the Balkan states will sail to take part in the threatened war with Turkey.

The Greek consul announced he had received a cablegram from his government instructing him to notify all Greek reservists in the United States to return to their colors.

The Greek quarter seethed with the talk of war. One hundred and thirty Greeks and Bulgarians sailed on the Mauretania; ninety more, unable to get quarters, are waiting for the next boat, while steamship agencies declare they have practically sold out of tickets for weeks ahead.

ANOTHER BOAT ASHORE

Steamer Dover of Miami Piled Up on
the Rocks at the Mouth of
the St. Johns

Jacksonville, Oct. 4.—While attempting to enter the mouth of the St. Johns river at Mayport last night, the steamer Dover, a 600-ton vessel, owned by the Van Steamship Company, of Miami, plying between that port and Jacksonville, went ashore on the south jetty, near the government dredge boat St. Johns, which was wrecked several weeks ago. Captain Thompson and his crew are still aboard and efforts are being made to pull her off the rocks, several tugs having gone to her assistance. The Dover carried only a small cargo of freight.

ENDING AS USUAL

Street Car Men in Augusta Have Failed
in Their Strike

Augusta, Oct. 4.—Augusta appears almost normal, with street cars running on the city division. The railway company is now attempting to maintain a regular schedule on the belt line. The proclamation of the sheriff of Richmond county and the mayor of Augusta, to the effect that cars would be operated and that if any one molested them he would be arrested and turned over to the military authorities, had a wholesome effect, for there has not been any disturbance.

The city is still under martial law and the first signs of a serious outbreak will be the signal for additional troops, both in and out of the city to be brought into service.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. Cheney & Co., Toledo, Ohio. Sold by druggists. Take Hall's Family Pills for constipation.—(Adv.)

This is the season when you should have your automobile painted. The work we turn out looks just as good as new and the enamel is as permanent and holds its brilliancy just as well as a factory finish. We are now turning out several handsome pieces of work and it would pay you to call at the shop and look them over. Our upholstery and covering department can do any work that may be needed on cushions, tops or curtains, from repairs to an entire new job. Figure with us before having the work done. A LOG ON THE TRACK

of the fast express means serious trouble ahead if not removed, so does loss of appetite. It means lack of vitality, loss of strength and nerve weakness. If appetite fails, take Electric Bitters quickly to overcome the cause by toning up the stomach and curing the indigestion. Michael Heshelmer of Lincoln, Neb., had been sick over three years, but six bottles of Electric Bitters put him right on his feet again. They have helped thousands. They give pure blood, strong nerves, good digestion. Only 50 cent at Tydings & Co.—(Adv.)

KENDRICK

Kendrick, Oct. 3.—The people of Kendrick were greatly shocked Saturday afternoon on hearing of the death of little Fannie Mae Parker, the third daughter of Mr. and Mrs. Lewis Parker. The little girl was twelve years old and during those few short years had been a ray of sunshine at home and at school. After a short illness of a few days she passed away at 11:20 o'clock Saturday morning. By her sweet and gentle ways she has won the love and affection of her schoolmates and teacher. She left a grieving mother, father and four sisters and two brothers as well as a host of friends who miss her from her earthly home. The funeral took place Sunday afternoon at 4 o'clock at the Methodist church and the funeral was conducted by Rev. M. O. Williams of Reddick. The remains were buried in the Kendrick cemetery.

Information regarding afternoon and night classes of dancing can be obtained from Mrs. Southerland, 31 Fort King avenue, telephone No. 35.—Ad.
